Work Experience

Junior Web Developer | **Flex Technologies** | Kandy, Sri Lanka | 09 '2020 - 10 '2021

- Utilized WordPress as the primary content management system to create and maintain websites.

- Developed custom HTML, CSS, and JavaScript code to enhance the functionality and design of websites.

- Responsible for customizing themes and plugins to meet specific project requirements and client preferences.

- Worked closely with the design team to implement responsive and user-friendly web interfaces.

- Conducted regular website updates, ensuring content accuracy and optimal performance.

Web Developer / *Founder* | **Vsoft Technologies** | Kandy, Sri Lanka | 10 '2021- 07'2023

- Led a team of developers, providing direction, guidance, and support in the development process.

- Managed projects from inception to completion, ensuring adherence to timelines and client requirements.

- Spearheaded WordPress development projects, creating and maintaining websites using the platform.

- Employed a range of technologies, including HTML, CSS, JavaScript, PHP, and Java, to develop robust and dynamic web applications.

- Implemented MERN (MongoDB, Express.js, React.js, Node.js) stack for specific projects, enhancing overall functionality.

- Demonstrated strong leadership skills as a director, overseeing the strategic direction and day-to-day operations of the company.

Web Developer – IT Lead (Internship) | **Ramis Ark Global Ltd** | Barking , United Kingdom | 10 '2023-Current

- Currently serving as a Web Developer and IT Lead Intern at Ramis Ark Global Ltd in Barking, United Kingdom, since October 2023.

- Specializing in WordPress web development, creating and maintaining websites for the company and its clients.

- Engaged in the development of various digital products beyond websites, contributing to the company's diverse portfolio.

- Taking on the role of Team Lead, overseeing and coordinating the efforts of the development team.

- Successfully developed the company's official website, ramisarkglobal.com, and another website, abbeydelawfirm.com, showcasing technical proficiency and attention to detail.

Projects

Abbey de law Firm | **Abiodun K Adesanya** | London | 11 '2023 - 01'2024

- Developed a professional WordPress website for Abbey de Law Firm during my internship (Nov '23 - Jan '24).

- Utilized custom code to enhance functionality and align with the firm's branding.

- Collaborated closely with Abiodun K Adesanya to capture the unique aspects of the legal practice.

- Ensured responsive design for optimal user experience across devices.

- Contributed to the firm's online presence and gained valuable experience in the legal industry.

Education

- *HND in Computing and Software Engineering* | **ICBT Kandy Campus** | Sri Lanka | 02 '2020 - 12 '2021

- *BEng in Software Engineering* | **London Metropolitan University** | London , UK | 09 '2023 - 06 '2024 (Reading)

Languages

- **English – Fluent**

- **Tamil – Native**
